OFFICE OF THE PRESIDENT

February 22, 1962

Mr. John H. Davison, Chairman
Yale Broadcasting Company
242-A Yale Station
New Haven, Connecticut

Dear John:

Thank you for your letter of the 17th and for your keen interest in obtaining a drawing speaker for the April 7th IBS National Convention. We regret inability to secure Chairman Minow or other FCC figures, but feel sure that you will be able to come thru most adequately in this matter.

At the outset of our planning I did issue a series of 3 Planning Memos, which it would appear that you have heard of. The main point of these was to remind our staff of the importance of this event, and to secure their activity in preparations, as well as to introduce them to those things which you related to me -- the "ground rules." Since securing personnel to operate those several planning phases (Malone, Quigley, and Pegram) there has been no occasion to issue further such memos, save one letter memo to those three persons which simply served to summarize the situation and start them off in their respective tasks. Since that time I have done nothing much on this except have a few phone conversations with those persons regarding matters in which they were unsure - entirely matters of coordination between the three.

I would be pleased to include you in distribution of anything relevant to the Convention. Doubtless from here on it will be constricted to isolated items in our Staff News issues, such as you will find in the one enclosed.

Best regards,

Richard H. Crompton
President - Treasurer
